IN PROGRESS

Modules

USER & TECHNICAL DOCS

Click any link to open the doc. Items marked "Coming soon" are stubs.

RM Registry Module

AVAILABLE

Households, household members, PAA-based imports from Survey Solutions, non-consented filter, PMT scoring & enrollment, Survey Monitoring dashboard.

[User manual](#)[Technical](#)[Admin](#)[Workflows](#)[Fields](#)[PDF](#)

PM Payment Module

COMING SOON

Payment accounts, verification (MUSE), pre-audit, paylists, return feedback, payment dashboard.
Backed by `openimis-be-tasaf_payment_py`.

[Tutorial \(legacy\)](#)[System overview](#)[User manual](#)[PDF](#)

MU

MUSE Payment Adaptor

COMING SOON

Integration layer between TASAF MIS and MUSE/GovESB for verification and payment dispatch. Backend `openimis-be-muse_payment_adaptor_py` • frontend `openimis-fe-muse_payment_adaptor_js`.

[User manual](#)[Technical](#)[PDF](#)**PR**

Payroll Module

COMING SOON

Benefit consumption, payroll generation, payment cycle scheduling. Standard openIMIS with TASAF wiring.

[Generation flow \(legacy\)](#)[User manual](#)**PC**

Payment Cycle

COMING SOON

Payment cycle scheduling and benefit consumption windows.

[User manual](#)[Technical](#)**ET**

API ETL (Survey Solutions)

COMING SOON

PAA-based ETL pulling interviews from Survey Solutions HQ. Already covered in the Registry Module docs.

[Flow diagrams](#)[Operations](#)[Async behaviour \(legacy\)](#)**SM**

Survey Monitoring

COMING SOON

Real-time field-monitoring dashboard for Survey Solutions enumerators. Covered in the Registry Module manual.

[Section in manual](#)[Architecture \(legacy\)](#)[Tutorial \(legacy\)](#)**CO**

Core, Auth, Locations

COMING SOON

User administration, roles & rights, location hierarchy (region → district → ward → village). Mostly upstream openIMIS.
